# THE LETTER

*Hello, boys and girls  
from Russia,*

*We are pupils of East Square School in London. We are twelve. We are all in the fifth form. We have a lot of new subjects at school this year. Our pupils like studying very much. At school we study two foreign languages: Russian and French. We have Maths, I.T., P.E., Science, History and other subjects. Most students in Britain enjoy P.E. Do you like it? In Britain all students wear a school uniform. And what about you? How many subjects do you have in your timetable? What is your favourite lesson? Why do you like it? We hope very much to hear from you in the near future.*

*Best wishes from us all,*

*Denis, Ann, Susan and Kate*

# What do you think:

- What similar subject do we have?
- What subject do we not study at our school?
- What do we in common with them?
- What do we differ from them?
